

Build with RISE.
— Build with confidence.

PASSION & PERSONALIZED CARE

— ABOUT RISE BUILDERS

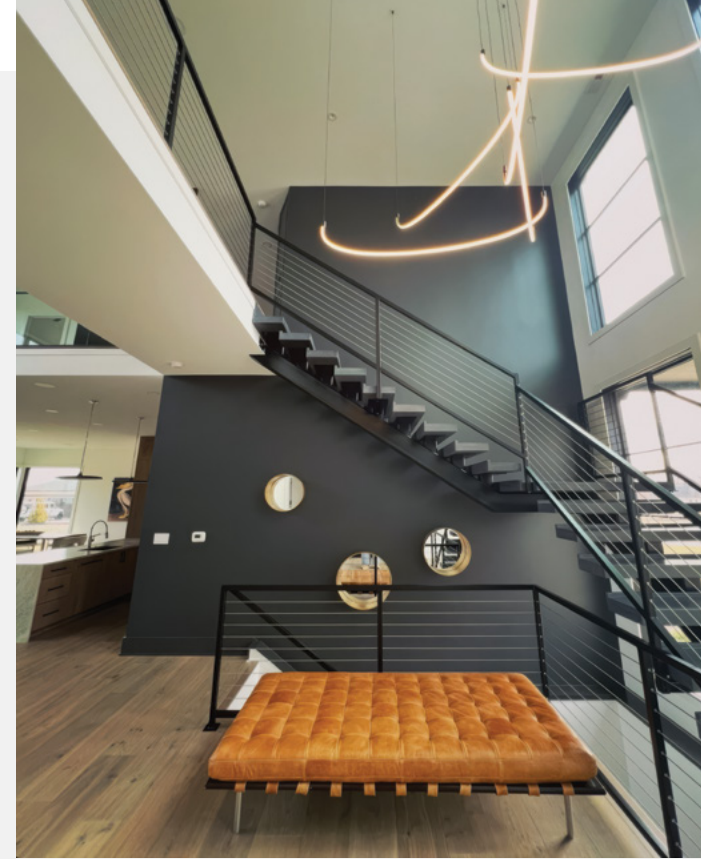

Rise Builders was founded by owner Lance Cleland, who started building homes 30 years ago in northern Indiana and southern Michigan. The name RISE is a combination of the first letters of Lance's four children and also symbolically describes the process of building something from the ground up. Lance connected with Brianne Bentley, VP of Design & Project Management, 5 years ago and the duo has been embracing growth in the local industry with each new custom build. Rise is a boutique builder, focusing on several upscale homes per year, along with sizeable remodels and home additions primarily in Hamilton and Boone County. Communication is key throughout the collaborative process of making a person's dream home come true, and Rise excels at this. As a two person team, Lance and Brianne are passionate about their work and all the details, and are highly responsive and accessible to clients keeping them confident that they are in good hands.

Custom Homes Built with Craftsmanship, Style, and Function in Mind.

CUSTOM HOMES

At RISE Builders, we understand that building your dream home is one of the most significant investments you'll make. We collaborate with you every step of the way to transform a vision into a beautiful reality—a place that you will delight in making memories.

We specialize in creating custom homes that are truly one-of-a-kind, reflecting your unique style, and elevating the function of your daily life. Whether it's a modern design, traditional elegance, or a blend of styles, our hands-on approach ensures that your home is a perfect fit to meet your personalized needs and luxuries that are above and beyond.

—— WHY RISE?

Fully Invested In Your Project's Success

Lance and Brianne are fully invested in taking your project from conceptualization to a wonderful reality, with streamlined processes. Our in-house designer works closely with our talented team of trusted contractors to produce elegant and timeless designs that reflect each homeowner's unique lifestyle.

Lance and his team make sure your home is everything you want, with full disclosure on any additional costs. He works with quality subcontractors who have a high opinion of Rise. This is the third home I have built, and Lance, by far, has been the easiest to work with. For example, I had an elevator installed in my home. Since I purchased the home after the framing took place, he went above and beyond to ensure my home would accommodate the elevator, which involved redesigning several areas. Clearly, customer service is NOT a thing of the past when it comes to Rise Builders!

—— Terry W.

Our Services

HIGH-END REMODELS & ADDITIONS

We specialize in large-scale remodels and home additions that give the home you have a whole new life. As we navigate change over time, the way we wish to use our home shifts- some of which requires creating more space, adjusting the layout, giving it a glow up, or adapting to health or mobility needs. We'll work with you to design a remodel or addition that meets your current needs and takes the future needs into account.

CUSTOM GARAGES

Looking to build a carriage house-style garage to protect your favorite car, boat, or other recreational vehicles? Need more room for guests, a hobby, or entertainment? A custom carriage house or multi-level garage addition can provide the perfect storage solution and guest suite, cigar lounge, or hobby studio! Our team offers garage upgrades and additions that provide the space you need while contributing to the overall aesthetics of your home.

"Lance and Brianne were fabulous to work with, and we could not have found anyone else to provide us with an amazing building experience. Delivering a custom home in nine months while maintaining a high-quality standard. Whenever we had questions or needed to make changes, Rise was responsive and delivered the results we desired. If you are looking for a builder that you can trust to build your dream within budget and in a timely fashion, Rise Builders with Lance and Brianne are the answer to fill your needs."

— **LuRhe C.**

Meet Our Team

RISE Builders is guided by a leadership team that blends experience, integrity, and creativity. President & CEO Lance Cleland leads the company with a faith-driven commitment to transparency, and hands-on involvement. Lance truly loves his work, and it shows. Vice President of Design & Project Management Brianne Bentley complements those values with a passion for thoughtful, custom design, overseeing details from exterior concepts to interior selections, getting to know how the clients will use their home in real life, and guiding them every step of the way. Together, Lance and Brianne create a collaborative building experience that results in beautifully functional homes designed to last.
